Article 1

General Provisions

This guideline has been drafted pursuant to Law no. 59/2026 “On Power Sector” and in accordance to section G.2 “COMMUNICATIONS PROCEDURES” of the Electricity Market Rules – Trading Procedure concerning the “ALPEX Data Publication Guide”.

Article 2

Object

This guideline sets out the rules, procedures, and deadlines for the publication of electricity market data and information by ALPEX j.s.c

Article 3

Publication Principles

ALPEX shall ensure that the published information is made available to all users simultaneously and without discrimination, and that it is accurate, complete, up-to-date, and freely accessible on the company’s official website.

Article 4

Publication Platform

All official publications shall be made on the official website of ALPEX sh.a., www.alpex.al. Publication on this website shall be considered official publication for all Exchange Members.

Article 5

Data Categories

Based on the Electricity Market Rules approved by ERE and ERO, at least the following information shall be published:

a) Publication of the Electricity Market Rules and Procedures; in their current version
b) Day-Ahead Market Results for each Bidding Zone;
c) Intraday Market Resulsts for each Bidding Zone;
d) The aggregated and anonymized Sell and Buy Curves, per each MTU, included in the Local Order Book;
e) Statistics on the total number of submitted and accepted Block Orders, along with the sum of offered and accepted energy quantities in Block Orders per MTU;
f) Fees and charges;
g) Monthly and annual reports;
h) Market notices;
i) Any other information that may be determined as a Decision of a Regulatory Authority upon the recommendation of ALPEX.

Article 6

Method of Publication

For each publication relating to the data referred to in Article 5, the Market Operations Directorate, through the electronic channels provided by the official ALPEX website service provider and in coordination with the relevant service provider, shall carry out the respective publications on the Company's official website.

Article 7

Publication Deadlines

The Electricity Market Rules and Procedures, including the version currently in force, as well as the applicable fixed and variable fees, shall be published as soon as practicable, but no later than 14 calendar days following their approval. The results of the Day-Ahead Market and the Intraday Market for each Bidding Zone shall be published daily within 2 hours following the final market results, the aggregated and anonymous sell and buy curves

included in the Local Order Book, as well as statistics on the total number of Block Orders submitted and accepted, together with the aggregate quantities of energy offered and accepted through Block Orders, shall be published daily within 2 hours following the the final market results and once such information becomes available. Market Notices relating to the proper functioning of trading shall be published on a daily basis and, where an incident occurs, within two hours of the occurrence of the relevant event. Monthly reports shall be published within 15 business days following the end of the relevant month. Annual reports shall be published no later than 30 calendar days following the beginning of the subsequent year. Market Notices relating to membership shall be published within 10 business days following the effective date of the respective membership.

Any other information that is determined to be a Decision of the Regulatory Authority, upon the recommendation of ALPEX, shall be published as soon as practicable, but no later than 14 calendar days following the approval of such Decision.

Article 8

Equal Access

The information shall be made available, simultaneously for all Exchange Members, authorities, investors, media and public. Selective publication or the prior dissemination of information is not permitted.

Article 9

Confidenciality

Data constituting trade secrets, personal data, or information protected by law are not disclosed. Where necessary, data are published in aggregated form.

Article 10

Correction of Information

In the event of errors, ALPEX immediately publishes the correction, indicating the date, time, version, nature, and reason for the correction.

Article 11

Archiving

All publications referred to in Article 5, point (b), (c), (d) and (e) shall be retained on ALPEX's official website for a period of one year.

Article 12

Monitoring and Responsibilites

The responsible Directorate, the Market Operations Directorate, and the Business Development Sector monitor the implementation of this guideline.

Article 13

Enforcement

This Technical Decision will enter into force on 09.09.2026.

This Technical Decision will be posted on ALPEX's official website www.alpex.al
